Mr. Tom Wilson,
1404 South St.,
Nashville, Tenn.

Dear Thom:

In looking over my schedule, I see we are in Newark the three Sundays in May and around here all of June. I was wondering if it would not be better for us to play May 30th in Baltimore, that would leave the Stadium for Semler and Pompey, which was what they really wanted in the beginning. I am back over in the Stadium the next Sunday, June 8th. I am sure it would be just as good in Baltimore, if not better, especially with the Dodgers and Giants playing in the Polo Grounds. If we move the game to Baltimore for the 30th, we could play in Atlantic City the night of the 29th. The man there tells me they will have lights. Being a night before a holiday week-end, we might do pretty good. If you want to make that change, will you please write Gottlieb and let me know what you do about it.

Do you want to trade me Biot for Carter, he is a local boy. Since Stone ran to Mexico and I released Mule, I am really short an outfielder. Will appreciate very much hearing from you right away.

Very truly yours,
